Subject: After Action Report

Dan:

A couple of things to think about:

- 1) Friday Cecilia briefs Karl on the West Lake and like any issues the Karl can assist us with, as elevating something. I couldn't think of any specific items.
- 2) At the completion of tomorrows continuation of today's meeting that you go through your notes and put together an after action report for Cecilia to give to Karl (e.g., action items, unresolved issues, etc)

Just wanted to get you thinking about it.

Thanks,

Jeff
